it is our understanding that the amendment and petition for extension of time, which were timely submitted, have not been located in the file.

Subsequent to receiving the notice of abandonment, the undersigned initiated a telephone conversation with the Examiner on June 27, 1995, and submitted a letter, by telecopier, on the same day, indicating that the holding of abandonment is in error. The notice of abandonment indicates that Applicant failed to respond to "the office letter dated November 21, 1994." The office action was in fact mailed on November 22, 1994, to which Applicant timely responded with the appropriate extension fee on May 22, 1995. Receipt by the U.S. Patent and Trademark Office of the amendment and the petition for extension of time is evidenced by the attached copy of the return postcard indicating the date of receipt.

At the Examiner's request, copies of the amendment, petition for extension of time and the return postcard indicating the date of receipt are once again submitted with this petition and withdrawal of the holding of abandonment is requested.

Respectfully submitted,

NILSSON, WURST & GREEN
